

 BYTP UK Branch	Management System H&S Policy Statement	Doc-No.	BYTP-UK-POL-0003.1		
		Revision	1	Date	01/04/2025
		Authors	BYTP UK	Page	1 / 1

Bouygues Travaux Publics in the UK strives to be an industry leader in matters pertaining to Health and Safety by continuously adhering to the highest industry standards throughout all of sites and for all parties involved: employees, sub-contractors, suppliers, clients and members of the public.

To achieve our goals, we are committed to creating a positive and forward-thinking culture around Health and Safety, while implementing a Management System to:

- \ Comply with all legislative requirements and approved code of practices in the United Kingdom, including, but not limited to:
 - The Health and Safety at Work Act 1974
 - The Personal Protective Equipment at Work Regulations 1992
 - Provision and Use of Work Equipment Regulations 1998 (PUWER)
 - Lifting Operations and Lifting Equipment Regulations 1998 (LOLER)
 - The Work at Height Regulations 2005 (WAHR)
- \ Comply with all the health and safety requirements of our clients.
- \ Maintain safe working systems and procedures for all operations in accordance with Bouygues Travaux Publics Management System, which is ISO 45001 standard compliant.
- \ Minimise health and safety risks through risk-based thinking (i.e., risk assessment) across all processes.
- \ Set measurable and realistic health and safety objectives and targets to improve performance.
- \ Implement designs that recognize, include and apply safe practices during construction and service life.
- \ Report all accidents, incidents and near-misses and, through investigation, identify opportunities for any system improvements.
- \ Provide staff and operatives training to meet the highest levels of awareness and competency on all safety matters.
- \ Provide safe and clean premises, work areas and welfare facilities.
- \ Provide safe and well-maintained plant, equipment, and systems of work.
- \ Develop and review health and safety performance indicators.
- \ Ensure continual improvement of the health & safety performance by implementing best practises.
- \ Encourage employee participation in all health and safety matters from policy formation to hazards management (i.e., identification, control and elimination as appropriate).
- \ Encourage employee mental health and provide assistance to those requiring additional support.

It is the responsibility of all staff charged with a managerial role to demonstrate Health and Safety Leadership by ensuring that all employees understand the policy, cooperate with the implementation of the Management System into their working methods, and are encouraged to give feedback to improve it.

Frédéric GILLES
Managing Director UK
